

Missing Lasetnet Custom Port option in D365 FinOps print selection

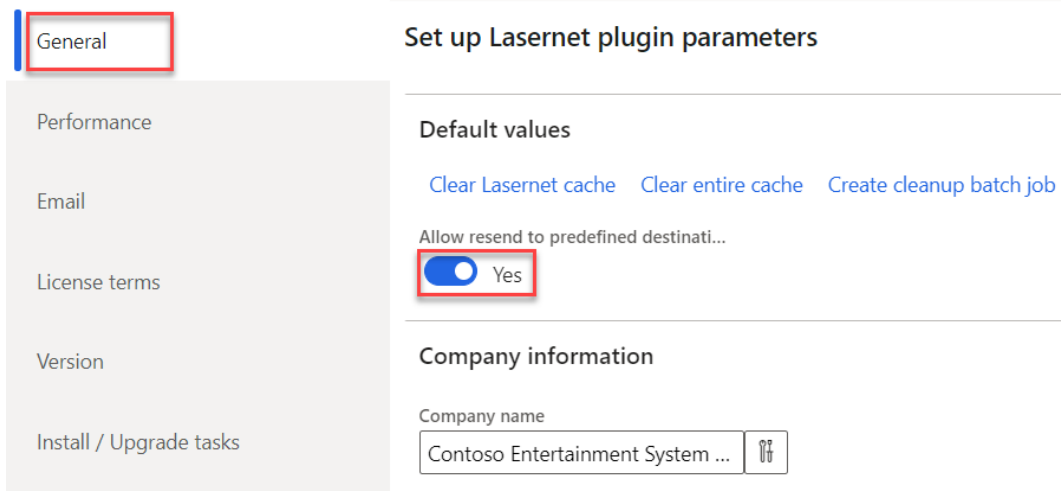

Claire Oakey - 2024-03-14 - Comments (0) - Lasetnet FO Connector FAQs

Lasetnet for Dynamics 365

This article provides a solution for when Lasetnet Predefined or Custom Port options in Dynamics 365 FinOps are missing in the print dialog when selecting destinations, and for when the Pre-defined and Custom Print Management Settings are missing when trying to print an invoice.

Solution

Navigate to **Lasetnet > Setup > Parameters > General**, then set "Allow resend to predefined destinations" to **Yes**.
