Main Features

The following Autoform DM integrations and enhancements are now included with this version of Lasernet FO Connector:

- Seamlessly connect to Microsoft Dynamics
- View all documentation for a specific account within the FO interface
- Search for and retrieve documents quickly
- Share F&O documents with non-D365 users
- Enable access to document sets for customers or suppliers, external of your domain
- Secure storage of all files (PDFs, invoices, video files, audio files) alongside metadata
- Automatic indexing and content type allocation
- Centralized administration and access controls
- A fast and simple Document Import tool
- ISO 27001 compliant

Further Information and Links
