Lasernet Connector Compatibility

2021-05-28 - Alex Clemons - [Comments \(0\)](#) - [Lasernet FO Connector News](#)

As a part of the Microsoft Dynamics PEAP program, we have found major changes in Microsoft 10.0.19 and therefore we will release a compatible version of Lasernet Connector.

The expected release date of Lasernet Connector 6.14 and 5.2.0.21 is **04-06-2021**.

Please see [here](#) for more information.
